THE LODGE

"It has been said that we know too little of the land we live in. We look elsewhere for scenery, for beauty, for rugged mountains and creeping glaciers, for deep canyons and beautiful valleys, when we have them all on a far grander scale, around us. The average student knows the story of Massachusetts better, perhaps, than that of Montana. Or he could give the kings of England more easily than the presidents of the United States.

Among the large number who attend the University of Montana, there are probably not half a dozen who know the story, the life history of the school they attend. . . .

We can thus see how the University of Montana has built herself up from almost nothing to the present stage of perfection. It has been slow, but year by year she has gained in strength, in numbers and wealth. In comparison with other universities of equal age the results are far superior to any in the West, and in most of the older states.

Let us hope that this vigorous growth may continue until the University of Montana is second to none and superior to all."

Fall Quarter

October 7, 1908

Campers gain from the discussion groups at Frosh camp.

Interested freshmen can apply to attend camp at Seeley Lake before school starts in the fall. They have an opportunity to meet a few faculty members and the campus leaders in student government. The camp combines learning with fun—hints to the girls on what to wear and how to let the guys feel like gentlemen, discussions on the Greek vs. Independent issue, kangaroo courts and a breakfast of sourdough hotcakes.

Bear Paws and Spurs are around early each fall to help the newcomers move in. Lee Howard and Gary Libecap lend a hand with the heavy trunks.

Frosh Traditions

Twice a year, in the fall and spring, freshmen must climb Mount Sentinel to whitewash the stone M under the watchful eye of Spurs and Bear Paws.

As can be seen, more whitewash seems to find its way to people than to the rocks.

A Frosh Tradition since the beginning has been the wearing of the maroon and gold beanie. It can be purchased from Spurs or Bear Paws and they must be worn through the first week of school.

Pictured is the tug of war in the spring of 1910. It took place between the sophomores and freshmen over the slew by the Van Buren Street Bridge. The frosh could throw away their beanies if they won. The annual contest was still continuing in the 1920's.

Derby Day

Sigma Chi Derby Day, initiated at the University of California in 1930, has become a renowned tradition of Sigma Chi throughout the United States. The underlying idea is to sponsor an activity which will demonstrate fraternity and sorority cooperation.

Prior to the big day of bizarre contests and novel events, the Sigs don their famous derbies and bravely venture on campus. Because the derbies add points to each group score, the pledges will stop at nothing to steal the valuable derbies. Derby Day provides competition among the sororities, calling for stamina, speed and skill from all involved.

Prominent

A large crowd was on hand to hear the Vice President after his address to University students.

The Vice President stated in his opening address to U of M students that the "Northwest area of the United States is the land of the future." He further stated that the "students of this area have contributed greatly to the future of this country."

Hubert H. Humphrey answers inquiries from a student panel, Jean Lachkar, Greg Ulmer, Sharon Browning, Lee Simmons and Tom Behan.

Earth movers, Gov. Babcock, Tom Behan, ASUM President and Robert Pantzer, UM President, initiate construction on the four million dollar University Center. The project is slated for completion in the fall of 1968.

Fall Visitors

Lecturers to the campus included Dr. A. L. Rowse, a noted Shakespearean authority and Dr. David Dressler, sociologist and educator, who has spent a quarter century as a caseworker, criminologist and penologist. Pearl S. Buck, first woman to win the Nobel Prize for literature, Dr. Spock, author of several books on child care, and Marc Connelly, world traveler, playwright and "non-acting" actor were also on campus.

Gus Gianis finds food for thought in what Pearl Buck has to say.

Relaxing at a reception given in his honor is Marc Connelly. The reception followed his lecture, "The Adventures of a Playwright."

Pearl Buck tells listeners of life in China at an informal interview during her visit on campus. Lee Tickell, Program Council Chairman, listens in.

Internationally Known Musicians Perform for U of M

Fall Quarter saw the appearance of Britains Chad and Jeremy. They presented a varied program of folk and pop music. They were backed by the new sound shell, which they called inefficient for the size of the Field House.

Famed flamenco guitarist, Carlos Montoya presented a one-man concert in the University Theater. He has won international fame through his numerous recordings. Mr. Montoya is the first artist to transcribe his idiom into written music. He composed a suite for guitar and orchestra, "Suite Flamenca," which premiered in January.

Grizzly-Bobcat

Action began Friday afternoon with a noise rally through the streets led by the cheerleaders. Saturday morning action was produced by U of M and MSU Spurs as they met for a go at football. The Grizzly-Bobcat game was viewed by a capacity crowd, with the Cats coming out on top. There was much action in the stands between the rival fans. The day was concluded by a dance with The Chosen Few and The Three Blind Mice playing at the Lodge.

Join the rally! Support the Grizzlies!

There was plenty of action as the U of M and MSU Spurs met in a game that ended in a tie, 13-13.

Action

By the rules, the president of the losing student body must give up his slacks to the victor. U of M Vice President Lynn Morrow gives up to MSU President Rod Hoxey.

U of M marching band puts on another excellent show for game fans.

Foresters boast that the biggest social event of the season is the grubby dance known as the Foresters' Ball. The Harry Adams Field House is filled with thousands of trees each year for the two-night event. For many men preparation includes growing a beard for the annual contest judged at the Foresters' convocation. A yearly feature since 1933 has been the black cat and the nude, painted by a forester for the Black Cat Saloon. Food is served in the mess hall while can-can dancers entertain in the saloon.

Whose will be judged the best? Contestants, left to right: Jim Glenn, Bob Andreozzi, Bruce Johnson, Larry Holt, Fred Flint, Vern Schmidt, Tom Enwright, and Larry Scott, the winner.

Sports

The fierce, undaunted grizzly bear, characterized on the University of Montana Marching Band drum, was many times humbled in the fall of 1966. More often than not, the drum resounded to the senseless slaughter of the grizzly bear, rather than to his triumph over his Big Sky Conference opponents.

At many Grizzly sport events, the spirit one witnesses going on in spite of the score, has interestingly enough little to do with the athletic event being staged. In the faces of the crowd one can often see the philosophy of Voltaire's "Candide" reflected.

"Surely this is the best of all possible worlds."

Walt Pool (82) and Dave Thompson (72) apply pressure to an opposing quarterback. Undoubtedly the pressure is felt. Many times the spectator forgets the importance of the defensive line.

The Press Box often proves invaluable to the bench in spotting errors that might otherwise be over-looked. Thus the telephone proves a valuable aid to coach Davidson in the 1967 season.

Only once this year did the Victory Bell at the U of M have an opportunity to be rung. The Spurs and Bear Paws seem to be taking full advantage of the chance to use it. Perhaps the fall of 1967 will see it used more frequently and possibly it will pay for the work and toll that the Grizzly athletes put into sports. Enthusiastic appreciation as shown above, makes the battle worthwhile.

Collision is common in football. Doug Curry (62) and an opponent are demonstrating here a modern version of the Minuet.

Protective gear has come to be recognized as having many varied uses since its introduction to the game of football.

The referees rarely receive much more than booing or discountenance. The game, however, is their game alone to decide.

Co-captains Jim Neilson (66) and Warren Hill (12) represent the Grizzly squad mid-field for the coin toss. As in many other aspects of life, in football a "mere flip of the coin" often decides which end of the field you're going to be on.

Warren Hill (12) is stopped after a short gain. Warren was one of the principal contributors to the '67 Grizzly effort.

The 1967 Grizzly defensive unit did a more than adequate job during the 1967 season. The picture at right certainly emphasizes that point.

Rod Lung is stopped at the end of a Grizzly drive. He was the outstanding offensive man in 1967.

Happiness is not the bench of a losing team. The most a man can do is put forth an honest effort.

Polly Peppard, member of the 1966 cheer squad, took time out of her schedule each Saturday to lend support to the Grizzly effort. Cheerleaders, like the athletes, always seem to have a kind of abstract optimism.

Before any contest between men there are moments of contemplation—Dave Thompson.

One of the most promising members of the 1966 football squad, Rod Lung (40), was a primary rusher and ground gainer for the Grizzly offense. In his position, he often obtained substantial yardage.

Mike Smith (68), a senior linebacker, thwarts an opponent's attempted catch.

In the game of football, as in any team sport, there are many hours of work and toil that necessarily go into producing the game on any Saturday. For the men involved, the moments on the playing field, like the progression of a human life, have a great aesthetic effect as well as physical drama. Like the moment a play or movie begins, everything that is of importance lies before the eye of the spectator. The personal love for the sport that encompasses the athlete is only enhanced by the roar of the incited mob in the stands, be that mob young or old.

Losses are never an easy thing to resign oneself to and the people involved, whether fan or athlete, rarely take them lightly. Those above protest vehemently while the couple at right simply reflect resignation to another Grizzly attempt at victory.

"Ours is not to question why, Ours is but to do or die."

Another skirmish approaches in the gridiron battlefield that is the great American sport of football.

Coach Davidson and Grizzly Tom Schilke reflect dejection of loss at right.

Warren Hill, senior tailback from Billings, was the Outstanding Football Player of the 1966 season. Since transferring from the University of Wyoming two years ago, Warren has been "Mister Everything" to the Grizzlies. He has done an extremely fine job in his tailback position and has often filled-in in a number of other backfield positions. When he was on the field in 1966, Warren could be seen nearly everywhere.

Jim Neilson, senior guard from Shelby, was voted the all-around defensive standout of the 1966 season. Jim, in his line position was credited with the highest percentage of tackles and assists of the Grizzly linemen. In the four years he has played football at the U of M, he has been a prime factor in the total team effort, both mentally and physically.

Rod Lung, junior fullback from Placerville, California, has been a Grizzly backfield standout during the past season. In his position, Rod has definitely been a powerhouse to the Grizzly squad and has been a very high spirited, driving University of Montana athlete.

Grizzlies Ron Aukamp (53), Mike Maxson (63), Dewey Allen (23), and Walt Pool (82) prove that the Grizzly defense is definitely in existence. The Grizzly defense, bolstered by these four men, did a more than adequate job in 1966.

In the fast-moving, high pressure world of today, the present is of prime importance and we often forget the past as fast as we can. Yesterdays drift into a deep shroud of memories, and we remember only the very good or the very bad. Time changes all, so they say, but rarely do we notice the procession of years as they march by to the pulsing beat of life's militant heart. It has been over 63 years since the men pictured below were attending the University of Montana. Perhaps in another 63 years there won't be a University of Montana. With the continual conflict man endures, yesterday and today are evident, but tomorrow is the concept that modern society just doesn't think about if it can be avoided. The students of '04 have grown old and many have died. If we can live through tomorrow, yesterday will have been today, and like T. S. Eliot we will contemplate with the passing of years:

"I grow old . . . I grow old . . .
I shall wear the bottoms of my trousers rolled."

Fall Intramurals

While the intra-mural sports of the U of M often do not receive nearly the notoriety that is given the varsity programs, they are quite as deserving. The participation in the varied sports was very good in 1967 and the program as a whole was well run.

Central Board, placed under attack many times last year, managed to control all necessary business as the representatives from classes and commissions listened, judged and decided. Their decisions were not always favorable to the majority of the student body but the decisions had to be made and not all opinions could be molded to fit the form of one conclusion.

Central Board

Commissioners

The commissioner system, new to the ASUM structure, represented the students in various fields of student government. Each commissioner, assigned to organize a specific commission, was in full control of that commission and represented its activities to Central Board. The commissioners, then, were the controlling body of ASUM and the ones responsible for many ASUM decisions and actions during the year.

Left to right: Van Dye, Jim Searles, Bill Berger, Loren Haarr, Nick Teel, Gene Presser, Bruce Tate.

The Central Board meetings were filled with disagreement. Each conviction was carefully discussed and the opinions of the student body were heard before a conclusion, representative of all the students, was made.

Athletics

Athletics, a commission established in 1966, is responsible for governing intercollegiate athletics, the activities of M Club, and the budget of the athletic department. A second responsibility assigned to this commission is the ascertaining of student opinion toward the athletic department.

L to R: Fred Schaffer, Greg Hanson, Jim Searles, Steve Brown, Dan McElwain.

Auxiliary Sports

Auxiliary Sports is the governing body for such campus organizations as W.R.A., and men's and women's intramural and intercollegiate sports. It functions as the commission which approves the activities of the organizations and unifies the support that they gain.

L to R: John Barsness, Jim Searles, Mike McGrath, Helen Ahlgren.

Field House and Physical Plant

The arrangements of the field house and the major changes such as new parking lots and roads are part of the responsibilities assigned to this commission. In addition, it synchronizes the activities of the Student Union, the Food Service, and the Student Housing for the University.

Left to right: Jim Edwards, Bruce Tate, Wayne Campbell, Don Yeats, Charles Briggs (in caldron).

Finance is the commission on campus which deals with University finances as they relate to the students. It considers proposals which relate to fee raises as to need and usefulness when applied to the student body.

Missoula Affairs

This commission works with the Missoula Chamber of Commerce and its education committee. Under the direction of Harold Dye, it provides official representation to the city council and works with the county commissioners in the interest of the University.

The Planning Commission is the "right-arm" of Central Board as it executes a major part of the administrative work. It plans the structure of the ASUM student government and is responsible for ASUM long-range planning and by-law or constitutional change.

Publications Board

Better known as "Pub Board," this committee establishes rules and policies for the publications of the "M" Book, introductory guide for freshmen; "Garret," the U of M literary magazine; "Sentinel," the U of M year-book; and the "Kaimin," the school newspaper. Selecting the working personnel for these publications is also part of the responsibility of "Pub Board".

Traditions Board, guardians of the traditions at U of M, works in association with the Spurs and Bear Paws in maintaining "Hello Walk," the "M" on Mount Sentinel, and the tradition of "Singing on the Steps." Bill Berger, the head of "T-Board," holds a demanding position in directing the committee and fulfilling the responsibilities.

To instill in the Grizzlies and their fans the maximum amount of pep and zest is the main concern of U of M's cheerleaders and pompon girls.

After their selection in the spring, the eleven girls chosen practice diligently to perfect their skills. Along with the fun and glory of being a cheerleader or pompon girl come certain obligations including the attendance of all athletic events and pep rallies.

Program Council is the committee in charge of contracting, arranging, and hosting nearly all outside entertainment and speakers brought to the campus. The operating budget for Program Council was considerably larger than most of the other ASUM committees. This past year it included approximately \$34,000.00 from ASUM and \$10,000.00 from the Student Union. Under the chairmanship of Lee J. Tickell and Adviser Ray Chapman, the campus enjoyed a diverse, interesting and sometimes controversial program.

Fall Quarter's list of entertainers included such notables as The Dave Brubeck Quartet for the annual Homecoming concert, and later in the quarter, the singing duo of Chad and Jeremy. Pearl S. Buck headed the list of speakers along with other nationally known people such as Dr. David Dressler and Dr. A. L. Rowse. Carlos Montoya, internationally known flamenco guitarist, performed just before the Thanksgiving break.

Winter Quarter was filled with popular, cultural and rock n' roll programs. The Association, Up With People, The Canadian Opera, and the Houston Symphony were some of the headliners for winter. Such distinguished people as Byron Eshelman, Chaplain of San Quentin, Marietta Tree, first woman ambassador to the United Nations, Dr. G. M. Gilbert, psychologist at the Nuremburg trials, and Drew Middleton, world famous correspondent, also appeared at our campus. Peter Nero ended the Winter Quarter schedule of events.

Spring Quarter was accented by the appearance of Petula Clark, and the folk singing group, The Sandpipers. The Seattle Symphony highlighted the list of cultural events along with Suzanne Bloch, lutenist.

Program Council also deals with art shows and foreign films. A relatively new program was the joint sponsorship of an Actor-in-Residence with the School of Fine Arts, in the person of Donald Davis. Thus, Program Council offers a worthwhile and interesting diversion from academic undertakings.

DRUG SYMPOSIUM—Lee Tickell here confers with Dr. Laurence Gale, Academic Vice President of the University of Montana, concerning the upcoming Drug Symposium. This new venture into programming proved to be an interesting and worthwhile educational experience for those attending it. Dr. Gale was one of the members of the distinguished panel assembled to discuss the problem of the misuse of drugs.

Music

U of M can well be proud of its outstanding music department. The largest in the Northwest, it is also one of the oldest members of the National Association of Schools of Music.

Music students are known for their hard work and many hours of practice in helping to make the music department the excellent institution it is.

Under the direction of Mr. John Lester, Dennis Burns discovers a new sound.

Mr. Rudolph Wendt seems pleased with Gay Garard's progress.

Doug Smuin, Mary Mader, Richard Bratton, Gary Tangen, Gary Howe, Shad Culverwell and Cheryl Hamma, conducted by Mr. Eugene Andrie and Dr. Joseph Mussulman, perform in "Music for Our Time."

"One Way Pendulum"—The trial progresses in Old Bailey. Judge Mike Daley presides. Mabel Groomkirby (Sue Ellen Hunt) is sworn in by usher George Durant while clerk Linus Carleton records the proceedings.

Dorine (Patsy Maxson) chides Orgon (Glenn Gauer) for not realizing that Tartuffe is a hypocrite.

Masquer Productions

"Tartuffe," a French farce by Moliere, opened the Masquers' season. Set in the seventeenth century during the reign of Louis IV, "Tartuffe" is a lively comedy of piety and morals. Masquer actors once again proved worthy of praise in their production of "One Way Pendulum." This play by N. F. Simpson is a farce on law and individuality. Arthur Groomkirby, played by Teddy Ulmer, builds a replica of Old Bailey, an English court, and proceeds to try his son, Kirby (Horst Fenske), who is charged with 43 murders.

The cast of "Tartuffe" from left to right: Michael Blanchard, Ruth Silvius, Teddy Ulmer, Barbara Trott, Glenn Gauer, Austin Gray, Duncan Crump, Patsy Maxson, Nancy Senechal, Mike Daley, and Al Holt.

Creativity

Music students perform each week in the music auditorium. Pictured above, Dennis Hale prepares for his performance.

Creativity takes many forms. Here Henry Joe, graduate student, uses a blow torch to create a sculpture.

Several times each year U of M music students have the privilege of working with the Missoula Civic Symphony. These talented Missoula musicians do much to enrich our musical program.

A student studies some of the art displayed in the newly created Art Gallery in the Fine Arts building.

Art students sell their work during a special display in the Lodge. Here Dr. Preece and a colleague select some ceramics.

Six university art students under a federal work-study grant of \$1,000 each, created sculptures which enhance Elliot Village, a married students housing area. The students were: Martin Holt, Ward Devlin, Ivan Morrison, Tom Sternal, John Rhodes and Ben Sams. (Sculpture pictured)

Winter Quarter

Winter Dropped In--

Winter quarter at the U of M was boosted by moderate weather, generally, mixed with a few of nature's flurries to remind students that they weren't in Florida. Graced by good weather, construction on the new University Center vaulted far ahead of schedule, and for the second straight year, Old Man Winter reigned over slopes of dead grass, as students were unable to construct snow sculptures.

Schwietzer Bdsin, in Idaho, was popular with U of M ski bums.

Two coeds get set to compete in WRA's intramural swim meet. Sigma Kappa took top honors, followed by Alpha Phi and Delta Gamma.

A U of M luge team member comes out of a treacherous corner on the Stan Benham Luge Run at Lolo Hot Springs. Several U of M students were named to the Olympic luge team for 1968, after traveling throughout Europe during the winter to participate in training sessions. The luge sleds sometimes reach speeds of 90 miles an hour. Luge is becoming one of the most popular sports in the U.S., and Montana's luge course at Lolo Hot Springs is one of the finest. U of M's luge team is coached by Captain Bruce Medley of the Air Force ROTC department.

Several skiers seem oblivious of the mountain splendor behind them as they learn new skiing techniques.

Harold Clarke and Jeannine Warner watch dance activities while partaking of refreshments.

University scholars didn't always study--

Controversy arose over this abstract wood structure designed by art student Tom Sternal. The sculpture, fashioned from railroad ties, was knocked down several times by vandals, as several individuals inquired whether or not Sternal's creation really was art.

Even praying didn't help the Grizzlies this year, as the Bruins were defeated by Montana State in both encounters on the basketball floor.

For some people, balancing salt shakers in the Lodge was a sufficient substitute for the "better" entertainment provided by the controversial Program Council.

Linda is crowned by Judith Stowe, Miss U of M in 1966, after the talent, evening gown, and swimming suit competition.

Helena Co-ed Chosen As Miss U of M

Linda Rhein, 20-year-old Helena sophomore, was selected as Miss U of M at the annual pageant. Miss Rhein's talent entry was a musical monologue with piano accompaniment entitled "What the West Contributed to America."

Linda, a member of Delta Gamma sorority, is interested in modern dance and foreign languages. She is a Spur and plays the cello in the Civic Symphony.

Linda Lee Thomas, second runnerup, applies the finishing touches before making her entrance on stage.

Kathy Wruck, first runnerup, displays the labor of beauty which almost won her the crown over the evening's 14 contestants.

The sound of the younger generation was heard--

Both extremes of demonstration, active and silent, were seen on campus as students witnessed an "Up With People" cast demonstrating for Moral Re-armament and students and faculty members demonstrating for peace in Viet Nam in silent vigils held every Thursday. Musically, Peter Nero and The Association performed in two styles which, although completely different, exemplified the tastes of World War II's "baby boom."

"Up With People" members, guided by the philosophy of "moral re-armament," emphasized the principles of love, unselfishness, honesty, and purity, in their concert which was presented in the Field House.

The 162-member "Up With People" cast performed for a large crowd and were received with enthusiasm.

Cast members appeared in several promotion performances in the Lodge.

Peter Nero, pianist and composer, mixed classical music with jazz in the traditional "Nero Sound" for students in two concerts. Nero, who is responsible for popular arrangements of "I Want to Hold Your Hand," "Thunderball," and "Sunday in New York," provided a relaxed evening of entertainment for viewers.

Members of the Committee for Peace in Viet Nam and sympathetic students protested the war in Viet Nam during silent vigils held on Thursday noons. The vigils were held as a constant reminder of the war, which, according to one protester, "will be forgotten as soon as it is over." Similar vigils were held on about 85 other college campuses.

The Association, a modern "show rock" group, performed their hit songs, "Along Comes Mary," and "Cherish."

Sir John Barbirolli

Program Council provided visiting lecturers and artists--

The Houston Symphony, rated by many critics as one of America's best, performed at the University Theater. The orchestra gained its reputation under the direction of Sir John Barbirolli who was knighted because of his achievements with the English Halle Orchestra. He also directed the New York Philharmonic Orchestra.

Members of the Canadian Opera Company presented the opera, "Don Pasquale," by Gaetano Donizetti. The three-act comic opera was one of 32 operas the company has performed since its yearly tours started in 1954.

Marietta Tree, America's first woman ambassador to the United Nations, spoke on "The United Nations—Man's Last Great Hope" as a finale to a week-long symposium on Red China. The symposium was designed to alleviate misconceptions about the Chinese. Above, Mrs. Tree is pictured with students after her lecture.

Dr. G. M. Gilbert, prison psychologist during the Nuremberg trials and author of "The Psychology of Dictatorship" and "Nuremberg Diary," spoke on "Punishment vs. Rehabilitation." Dr. Gilbert attacked racial prejudice unconditionally as being fostered by personal feelings of inferiority which create a demand for a scapegoat.

Rev. Byron Eshelman, chaplain of San Quentin Prison and former chaplain of Alcatraz, spoke on "Punishment vs. Rehabilitation." The speaker is an ordained minister and author of the book, "Death Row Chaplain," published in 1962.

Drew Middleton, bureau chief of the New York Times at the United Nations, explained "How Europe Looks at America Today." Mr. Middleton explained that the greatest task of the American government will be to shape its attitudes and policies to merge with those of an independently thinking Europe.

Skiing

Non-professionals also enjoy the sport of skiing.

The athletes involved in the sport of skiing not only love it because of the sense of accomplishment it gives them but also for the clean, fresh, tantalizing love of life they absorb from it. Keen competition and examples of expert skiing form were available to University students with the Olympic events brought to Missoula's Snow Bowl skiing area.

The Ski Racer's life is a fast and furious one that few people really understand. The audience is nearly always small and there are very seldom crowds chanting encouragement to the racer while he races the clock down an often treacherous mountainside. Here Herb Rotchford demonstrates perfect downhill tuck position. Speeds of 60 or 70 miles an hour are often attained in the downhill event. The tension is great and as is shown above by Herb's blur of speed, there is almost no margin for error.

Luge

The sport of lugging has been a United States Olympic sport for only a little over three years and the next winter Olympics will be the first in which the U.S. has participated in the luge competition. While the sport is not a regular University of Montana varsity sport, it does demand a great respect of its participants in that they have made the sport one of national prominence. As is evidenced above, the luge course at Lolo Hot Springs is narrow and twisting and a thrill designed for the hardy. The course is run on either one or two-man sleds and speeds of 70 miles per hour are frequently attained. The Olympic Luge Team is composed almost entirely of University of Montana students and the University can be duly proud of them. It is a great feather in the cap of any university to be represented in the Olympics by one or two individuals, much less an entire team.

At high-speed competition, the great problem athletes often have is in keeping themselves in the proper position and not relaxing their muscles. The physical control necessary is demonstrated at right and below.

"Never moving. Ever moving
Iron thoughts came with me
And go with me:"

T. S. Eliot

3. Beat U of Utah
4. Beat Utah State
5. Beat Weber State
6. Beat B.Y.U.

U of M won the Montana State Intercollegiate Bowling Meet, capturing the team event category. Singles champ was U of M's Bill Yetter; doubles champions were U of M's Truchot and Sulgrove. All event leader was U of M's Ron Senn.

U of M also won the Great Falls Invitational, competing against Carroll and the College of Great Falls.

The University of Montana Bowling Team has been the State Intercollegiate Champion for the last three consecutive years. The combined team record for that period has been 40 wins and 6 losses. The Bowling Team is in one of the minor sports categories that consistently turns out top teams.

The University of Montana Swim Team makes one of the best annual showings of any U of M sport. Again in 1967, the swimmers took first in the conference, a feat they have performed time and time again. Coach Stetson was also named Big Sky Conference swim coach of the year.

Basketball

Norm Clark, one of the University of Montana's outstanding basketball players for the last two years, moves around an unidentified Idaho forward. Shown on the left is Dennis Biletnikoff, No. 34. In spite of Norm's efforts Idaho won the contest by a score of 82 to 79.

As is common in most Grizzly athletic endeavors, the faces of the die-hards in the stands reflect the inner hope that always accompanies each U of M game.

Norm Clark picks up two points as Steve Brown assists. In this game, our home game with the Cats from MSU, the Grizzly basketball squad did a great job. The game was one of those fast-moving, exciting games where the score is tossed from one side to the other. The Bobcats finally won the game by a score of 82 to 80.

Norm Clark (42) demonstrates some of the form that won one of the 1967 Grizzly Den awards. In most of the Grizzly basketball contests it was Norm who kept the U of M squad in the contest with superb rebounding.

At left, Rick Johnston (20) and Don Durgin (40) contributed greatly to the Grizzly offense. Both top ball handlers and both fast-moving individuals, they often rallied sagging U of M scores and kept action prevalent.

Wrestling

The 1967 wrestling season was a good one for the Grizzlies. Wrestling this year proved itself as one of the more potent U of M athletic endeavors.

Pictured at left are two of the men primarily responsible for the wrestling team's showing in 1967. Dick Treat, kneeling, and John Sacchi, led the wrestlers to a third in the Big Sky Conference. Dick was last year's captain and John Sacchi was the 1967 wrestling coach.

As is evident at right, the wrestler necessarily utilizes speed and balance to overcome his foe. Rippling muscles and pulsing adrenaline are prerequisites to victory.

Ron Pagel

This building, the first gymnasium, became the Women's Center and later housed radio and television, photography, and the Sentinel offices.

Ron Pagel and Robin Hamilton exemplify one of the most essential facets of the science of wrestling, the stance. Stance is necessitated by the critical need for good balance.

Intramurals

Above, Janet Evans of KKG races for her sorority in the women's division.

The intramural winter sports program is one of the most active facets of student activities during the school year. The winter sports, while they are not the great spectator sports that the fall and spring ones are, still count heavily toward the final point tallies that determine the over-all intramural champion.

Anyone can participate in the intramural program and, as is evident here, those participating in the program, if nothing else, get a lot of healthy exercise. The skiing segment of the intramural program is headed each year by Miss Mavis Lorenz who also leads the U of M ski classes. Anyone can compete, as long as he or she is not a certified ski instructor. There are several varied classifications of competitors.

At right, Terry Anderson of SAE "steps over" to make a tight gate.

At right, Donna Hartley demonstrates expert form in rather adverse conditions. Donna also raced for KKG.

The intramural ski course appears only a mass of flags to the uninitiated observing the race. A skillful racer executes a better than average ability in negotiating the course.

The basketball intramurals last the longest of any of the separate programs and the largest in number of participants next to touch football. John DeWildt, at left, and Jerry Sepich, at right, exemplify true form in the basketball program.

The starter's gun signals the beginning of each heat. The girls shown at left and below wait out the agonizing seconds before the gun goes off and the fight against time commences.

Women's Recreational Association provides the University of Montana women with many varied opportunities for rest, relaxation, and as shown here, competition. The W.R.A. swim meet usually occurs toward the end of the winter quarter and nearly all the living groups enter teams.

The swimming race is in itself a display of form and grace.

*"Outstanding
Teacher of
the Year"---
Dr. Horst Jarka*

Dr. Jarka receives his award from William Andrews, President of the U of M Alumni Association.

Dr. Horst Jarka, associate professor of foreign languages and a U of M faculty member since 1959, was named "Outstanding Teacher of the Year" at the Awards Convocation this spring. The honor was accompanied by a check for \$500 and an engraved plaque, presented to Jarka by William Andrews, President of the U of M Alumni Association. The award was given for "excellence in the performance of duties and marked dedication to the cause of education."

Selection was made on the basis of nominations submitted by junior and senior students in a poll conducted by members of Phi Kappa Phi, scholastic honorary. Nominations were evaluated by a screening committee and the winner chosen.

An Austrian native, Dr. Jarka taught English and German in Vienna for eight years before coming to the U of M in 1959. He also taught German at the National Bank of Austria Private School, English and German in an Austrian Realgymnasium (junior college) and English at the Police Training School, Vienna. The linguist received a Ph.D. from the University of Vienna in 1955, and he also holds teacher's diplomas from the University of Vienna, as well as from the University of Commerce, Vienna. He attended the University of Minnesota, 1959-52, as a Fulbright scholar.

Dr. Jarka has presented papers at professional meetings and published articles in German and American journals. At present, he is working on a college text edition of a 19th century German author.

Dr. Laurence Edward Gale

Academic Vice President

Dr. Laurence Edward Gale

Dr. Laurence Edward Gale, 42, U of M academic vice president since April, 1966, died unexpectedly Sunday, July 30, while fishing approximately 30 miles northwest of West Yellowstone. He suffered a massive coronary at approximately 9 p.m. He was in the immediate company of Dr. Robert Curry, director of U of M Health Services, who administered mouth-to-mouth resuscitation for more than one hour, but Dr. Gale did not respond. Dr. Gale was one of 11 University members in the company of 40 of the nation's business and professional leaders who were on an annual U of M Foundation pack trip.

"The loss of Larry Gale is a very telling blow to the University of Montana and all of Montana because of his very keen interest in the institution and his extremely superb administrative abilities. Replacing him will be an almost impossible task. Speaking personally, I feel I have lost an extremely valued colleague and also a sincere friend," said President Pantzer.

Dr. Gale was born April 22, 1925, in Bonners Ferry, Idaho. He was graduated from Idaho State College in 1949 with a B.S. degree in pharmacy. He received a master's degree from Washington State University in 1952 in pharmacology and physiology, and in 1954 he received his doctorate in pharmacology.

He held the Silver Star medal for service in the Army in World War II and was a former acting president and former Dean of Idaho State University at Pocatello. Dr. Gale was active in higher education associations, especially in the Northwest. Last October, he was awarded a Department of the Army Certificate of Appreciation for Patriotic Civilian Service. In January of this year, he was elected to represent the Class A public schools of Montana in the Northwestern Association of Secondary and Higher Schools and to serve on the Executive Committee as a representative of higher schools. The spring issue of the U of M alumni magazine, *Copper, Silver, Gold* carried an article written by Dr. Gale entitled "The University Now—And in the Future?" He also was a member of a certification team of the Northwest Accrediting Association. Recently he had been working on a curriculum study of the University of Montana.

Construction on Harry Adams Field House was completed in 1954. The picture above shows construction in the early stages. The public dedication featured a basketball tilt between the Grizzlies and NCAA champs, the Indiana Hoosiers.

"Wild Bill" Kelly was one of the greatest halfbacks ever to play at the University of Montana. "Wild Bill" was named to the All-American and All-Pacific Coast honor teams. In addition, as a senior he threw the only touchdown of the East-West Shrine game to Russell Sweet, another university star, to give the West team a 6-0 victory. Kelly, who played his last college football in the fall of 1926 (excluding the New Year's Day Shrine game), led the Grizzlies to a 27-0 win over Bozeman that year.

The 1937 Grizzly football team is considered by Grizzly sports fans to be one of the most outstanding athletic teams in the University's sports history, having compiled a seven-win, one-loss record. This team, coached by George "Jiggs" Dahlberg, defeated Whitman College, Texas Tech, Oklahoma City University, San Francisco University, Montana State College, Gonzaga University, and the University of North Dakota, and lost only to the University of Idaho (by a score of 6-0). A victory over Idaho conceivably could have won the Grizzlies an invitation to the Cotton Bowl game. Pictured are: Back row—Kes Narbutis, William Lazetich, Joe Pomajevich, Wes Morris, Harry Shaffer, Glen Van Bramer, Robert Thornally, Philip Peterson, Pat Connally, Archie McDonald, James Spelman, Jack Hoon, unidentified, Fred Jenkin. Middle row—Frank Smith, Arthur Peterson, Tom Gedgoid, Aldo Forte, Perry Stenson, Leonard Loyes, Joe Strizich, Gerald Brower, Frank Shields, John Dolan, Ed Ogle, Joe Mariana. Front row—William Matasovic, Paul Szakash, Frank Nugent, Jack Emigh, Charles Williams, Milton Popovich (Captain), Roland Lundborg, Ed Bofto, Emil Tabercci, Tom Rolston, Robert Beal.

This picture of Interscholastic was taken in 1918. The event, which is the highlight of the year for Montana high school track stars, was held in Missoula from 1904 until 1967, when the meet was moved to Billings. The bleachers in the picture were built on the back of U of M's first gym.

Pictured above are the football coaches of 1929: Ed Chinske, freshman coach, Harry Adams and General Milburn, varsity coaches, and Gordon Rognlien, freshman coach.

Senator Mike Mansfield has been honored by the establishment of a "Mansfield Endowment." The endowment is being supported by contributions and will sponsor a series of lectures on foreign affairs at the U of M, starting in January, 1968.

The endowment was established to honor the Senate Majority Leader's 25 years of service in Congress. Mansfield was a student at the University of Montana from 1930 to 1934, and he received his bachelor's and master's degrees there. After earning a Ph.D. at the University of California, Mansfield was appointed to the faculty of the U of M as a teacher of Far Eastern and Latin American History. In 1956 he received an LL.D. degree from the U of M. He is now a professor of history on leave with permanent tenure.

From "The Quill," national journalism magazine, October, 1914, *Sentinel* took the above picture, and the following information: "Because Governor Samuel V. Stewart of the State of Montana would not release funds with which to build a temporary home for the School of Journalism at the University of Montana, the journalism students were housed in tents provided by the United States Army. With the aid of army stoves, the tents were made snug and cozy and classes were held without difficulty. When colder weather set in the journalism students were forced into a small wooden building which had formerly been used as a bicycle shed. Later the governor released a sufficient amount of money with which to build a comfortable home for the School of Journalism."

Phi Kappa Phi

The University of Montana Chapter of the national honor society of Phi Kappa Phi was installed on October 18, 1954. The national organization was founded in 1897. The U of M Chapter is the 68th Chapter. There are 96 Chapters in all, with one in Canada, and one in the Philippines.

The motto of Phi Kappa Phi is: *philosophia krateri photon*—"The love of learning (or wisdom) rules mankind." The purpose of the organization is to promote: (1) high scholarship, (2) good moral character, and (3) inter-disciplinary concerns. Except for Alpha Chi and the earlier stages (1776-1898) of Phi Beta Kappa, this is the only national scholastic honor society which promotes all three concerns. Indeed, it is the only honor society which grants membership across all academic disciplines. Of students, only Juniors, Seniors, and Graduates are eligible for membership, provided that they meet the above-stated requirements. For instance, scholastically, for a Junior to be eligible, he has to have a 3.5 over-all grade point average to begin with, and must be in the upper 5% of his class, while the Senior has to have a 3.3 over-all grade point average and be in the upper 10% of his class. Of the faculty, as a rule, only 2 or 3 are elected each year or every other year. Their graduate and undergraduate academic records are looked into, their characters are inquired into, their teaching ability and high classroom requirements are ascertained, their publications, writings, and concerns across disciplines other than their own are assessed by a Faculty Selection Committee before final election into membership is made. This year the following faculty were elected: Dr. Clarence Gordon (Botany), Dr. Joseph Mussulman (Music), and Dr. John Van de Wetering (History). At present there are 110 active student members, and 45 active faculty members in the U of M Chapter.

The 1966-67 activities included: (1) Annual banquet and meeting, at which Dr. Lawrence R. Guild, national Phi Kappa Phi Secretary-Treasurer, spoke on "What Is Right—What Is Desirable," and 298 persons attended. (2) Sale of textbooks to raise scholarship funds. (3) Election of 69 new members (including 3 faculty). (4) Election of the Outstanding Faculty of the Year Award (\$500 awarded by the U of M Alumni Association, which was won by Dr. Walter King last year). (5) Election of the Outstanding Scholar of the Year Award (\$100) which was won by Edward Groen-hout this year. (6) Election of the Outstanding Sophomore of the Year Award (\$100) to be determined later. (7) A Graduate Fellowship (\$3,500), of which Greg Ulmer was selected nationally as the first alternate.

The 1967-68 officers are: President, Tosh Tatsuyama; Vice President, Bjarne Johnson; Secretary-Treasurer, Mrs. Emma Briscoe; Corresponding Secretary, Mrs. Emma Lomasson; Past President, Dean Arnold Bolle; Consultant, Dr. Ludvig Browman. The 1966-67 officers were: President, Dean Arnold Bolle; Vice President, Susan Marquardt; Pro Tem, Fred Stewart; Secretary-Treasurer, Tosh Tatsuyama; Corresponding Secretary, Mrs. Emma Lomasson; Past President, Dr. Ludvig Browman.

Dedication

Doctor Morton J. Elrod

The 1967 Sentinel Staff wishes to dedicate this book to the late Doctor Morton J. Elrod in recognition of the fact that he founded the Sentinel, took innumerable photographs for it (several of which are reproduced in this book), and advised the publication of it for approximately twenty years. Dr. Elrod, A.B., A. M., M.S., Ph.D., started his teaching career in Iowa at 17, working under a special permit as he was too young to obtain a teaching certificate. As a naturalist, he made several trips to Montana before coming here to live, climbing Lolo Peak during one of these visits. His first trips were made by pack train in the early 1900's. Using a collapsible canvas boat, he paddled across many of the lakes high in the mountains, studying the plant and animal life. February, 1897, he joined the U of M faculty to organize the Department of Biology. Credited with being the first to conduct field trips, he and his students went into the Flathead Valley to gather specimens. The specimens, together with hundreds he brought with him when he came, formed the beginning of the University Museum.

Dr. Elrod helped with the organization of the student association on the campus shortly after he came here and he assisted in founding the Kaimin which began as a magazine and evolved into the present student newspaper.

When Dr. Elrod came to Missoula weather observations were being made at Fort Missoula. He took over the project and in addition kept records of stream flow in Western Montana which proved of value to the Federal Government in later years. The small sum he received for this service was given to needy students.

Dr. Elrod, through his lectures and writings, is credited with bringing about the establishment of Glacier National Park. He was chief naturalist of the park for eight years during the 1920's and prepared its official guide book. His book, "Elrod's Guide," is not only an outstanding contribution to the literature of Montana, but also has proved a fascinating and accurate guide to tourists and lovers of nature.

Two years after he came, Dr. Elrod established the University Biological Station near Bigfork on Flathead Lake. The first establishment consisted of a small frame building and tents for faculty and students, but the field work done under Dr. Elrod's direction attracted nationwide attention. A few years later, he had a bill introduced in Congress donating 160 acres of land at the site of the present Biological Station at Yellow Bay. He supervised the building of the new establishment in 1912. He and his co-workers made collections and published studies on the birds and butterflies of Montana, shells, limnobiology of Flathead Lake, and measurements of stream flow in the state. As director of the American Bison Society, he was appointed in 1907 to locate a suitable preserve for buffalo. After surveys on horseback, he located and laid out the bison preserve which the government established near Moiese. Dr. Elrod's report was the basis of a bill introduced by Senator J. M. Dixon under which Congress established the bison range.

Dr. Elrod was present in 1897 at the organization meeting of the Montana State Horticultural Society, and was president and secretary for many years. As president, director, or active member, Dr. Elrod contributed to numerous other local, state, and national organizations.

Dr. Elrod was born in 1863; he and his wife Emma Hartshorn lost a boy-child, but their daughter, Mary Elrod Ferguson, served as Dean of Women on the U of M campus for several years and now resides in Missoula. Dr. Elrod led an extremely outstanding life until he died in 1952 and will always be remembered with respect and admiration for his contributions to the University, to Missoula, and to Montana.

The Three Seasons

By J. M. ELROD

1883

'Tis Spring. The cold and biting winter blasts,
Which bring to many want and penury,
Have given way to warmer, gentler waves,
Which waft the sweet perfume of early spring
And cause each one to realize the fact
That winter truly has departed from us.
Look out upon the earth, so beautifully
In verdant splendor robed, some bright spring day,
When violets show their tiny, laughing faces,
And daisies spread their rays to catch the beams
Of sunlight; some warm day, when mossy ferns
Extend their palmy leaves, so beautiful;
The green turf yielding 'neath your joyous tread;
Behold the flowers of various shapes and sizes, all
With symmetry combined with beauty, breathing forth
Their fragrance on the morning's gentle breeze,
Which wafts it forth for man's supreme enjoyment;
Gaze up into the azure depths of space;
Behold the vast expanse of heaven's blue arch,
And note the wondrous, glorious works of nature;
And is the sight not pleasant to the eye?
What man can well portray to fellow-men
The intense, awful feelings which arise
Within his soul while viewing silently
The grand, sublime, most wondrous works of God?
Come back to earth again and look about,
And see the living, moving beings here,
Each perfect in itself, but man supreme.
Of all these living, moving things on earth,
Each has its office, as has man, who, greatest,
Was for some great and noble purpose made.
Man's life may be compared to yearly seasons:
Fair spring, the fleeting summer, autumn drear.
Youth is his spring; manhood, his summer; autumn,
His later days and fading life, when he,
A ripened leaf, hangs trembling to the tree,
Requiring but a gentle gust to break the thread
Scarce holding him, and end his short career.

As spring of all the yearly seasons is
Most lovely, and for love best calculated;
As every sort of labor is in spring begun,
And planned to be completed before winter
Closes round with chilling winds and biting blasts;
So with humanity the time of youth
Most joyous is and pleasurable to all.

Youth is the time of love, divinely planted
In every heart for mutual aid and comfort.
Love never dies, but grows in power and fervor.
Increasing constantly from day to day,
And at the close of life seems but to change
And pass from earthly love to heavenly.
Imagine to yourselves some hapless being,

Whose heart is closed to love and its impulses,
Who never feels within him such emotions
As steal unconsciously and silently
Within one's heart, when, musing, he reverts
To thoughts of home, friends, wife and family.
And who desires existence similar?
Youth is by far th' most hopeful time of life.
It fondly entertains entrancing dreams
That life is always as a bright spring day,
Joyous and pleasant. Vain, delusive hopes!
Hopes, giving the mind an impetus to action
And stimulating life with that which makes
It bearable at least. Day dreams of youth!
Take them away and what were left? A blank
Existence, which, devoid of all that makes
It beautiful and pleasurable, would leave
Life barren of all hope of good results,
And make it what it ne'er was meant to be—
A miserable lot. What man but looks
Upon his days of youth as happy days,
Wherein he gloried in his future prospects,
And pictured to him images in fancy,
Of wondrous achievements, great success
In all he undertook, a happy home,
Contentment, and a multitude of others',
Varying with varying circumstances?
What man has fully realized such dreams?
Yet who would want to banish them from thought?

The start in life is made in youth. For good
Or bad it may be, but we know 'tis made.
Youth is uncertain. It may clearly seem,
From the advantages which some possess,
Of ample means for culture and support,
Of helpful friends, kind parents, brilliant minds,—
Advantages superior to some others,
Who envious because denied to them,
Resolve to be superior in time,—
Such persons would improve their talents so
As to outstrip all others, and become
What their positions clearly indicate.
But persons blessed by fortune and position
Are often blind to opportunities,
And covetously entertain desires
Of doing things impossible. Although
It seems youth will to happy manhood change,
Between them there is ample room to turn
And wander into hopeless degradation.
What man can tell the future? Who can see
Beyond the present? Well we know the past.
We see wherein we went astray and erred;
See all the imperfections of humanity;
Where this one failed, and that one gained success;
Where we all, individually, have made

Mistakes now too far past for restitution.
We know the past. We revel in the present,
With all its joys and pleasures possible,
And hope for their continuance in the future.
But who has ever realized such hopes?
What man has ever in his life experienced
Fulfillment of the happy dreams of youth?
When life was pictured out and looked upon
As an existence in which was no sorrow,
And where success was sure to crown each effort?
Kings may to-day be hopeful and to-morrow
Be, by the tide of public indignation,
Dethroned and hurled from their high, ruling power.
Life is uncertain—death inevitable.
Could man but penetrate the deep import
Of nature's operations, and perceive
What lies in store for human kind, methinks
A cry of woe, so dismal, to the heavens
Would rise, that angels would faint weep for him,
And beg the Most High to be lenient.
'Tis well for man that he is as he is;
For now he lives, and anxiously expects
That each morn's sun may rise as clear as this;
And whether't will do so, or whether not
Is unaware, except by his experience,
Which teaches him that past days have been cloudy,
And hence there may be some as yet unseen.

As spring advances, tending toward summer,
Producing labor, growing fields of fruit,
So youth to manhood swiftly, silently
Approaches. We live in an age when life
Is pushed and hurried through because there is
So much to do and yet so little time
In which to do it. We are rushed from youth,
While scarcely having tasted of its hopes
And joys unutterable, into the stern
Realities of man and womanhood,
To cope with toils and cares as best we may.
The world rolls on incessantly through space,
And with its changing cycles measures time.
Time brings old age, and age experience.
Experience is the school in which we learn,
And failures but the teachers. Manhood sees
The silly follies and mistakes of youth,
And thence derives great profit. Manhood bears
The greatest cares of life and heaviest burdens.
Manhood accomplishes the greatest deeds
Which human hands, in any age, perform.
Of all the wondrous works by man achieved,
If they be either ancient or more modern,
Gilded palaces, cathedrals, massive towers,
Or any of the useful things invented,
Which change the whole world's aspect, making it
A pleasant place for habitation, or
Advances in the spacious field of science,
Which for so many ages silently,
Unrecognized, has passed through generations,
Until 't was seen discoveries could be made
Of vast importance, these were traced by men
Who had advanced in life from youthful state,
And had the full development and vigor
Of intellect which works so great achievements.
Boys, as they grow to men, abandon sports

And pastimes purely boyish, and become
In word and deed true types of noble men.
Man flourishes some time in strongest vigor,
With effort striving mightily to win
And do what seems incapable of doing;
But soon he notices a seeming falling
Of mental tact and capability.
Then slowly dawns upon his intellect
The fact that he, as everything, is earthly,
And soon must pass away—he knows not where.
As summer slowly wanes and flowers fade,
When hazy atmosphere and golden leaves
Betoken its departure, and denote
The sure approach of lovely days autumnal,
The gathering in of all earth's fairest fruits
And reaping harvests; even thus
Man passes, but alas! too quick by far,
Into his dotage. Soon his vigor wanes
And leaves him but a shadow, a faint semblance
Of what he was in his past excellence
The failing eye, the furrowed brow, the hair
By time and trouble changed from fair to gray,
The faltering, feeble step and trembling hand,
The absent mind and failing intellect,
Betoken plainly the inevitable.
His prime of life, his might and power are past,
And nought is left but silently to wait
The summons calling him away from earth.
All reverence to the aged, and adoration.
Oh, it is grand and glorious to see
A man, old, feeble, trembling, and infirm,
Stand tottering on the steep, precipitous brink,
In front eternity's dark chasm yawning,
Fate urging from behind continuance
In front eternity's dark chasm yawning,
Fate urging from behind continuance
In forward motion to its awful depths.
Haste, O ye winged saints around the throne;
And lend him aid in crossing o'er the chasm!
Keep silent, O ye mortals! hold your breath,
And stir with neither hand nor foot, lest he
But make one false misstep and crash to ruin.
Delay, O Death! and give a little time
To him to clearly see his fate and fix
His quaking foot upon that narrow way,
As o'er it all must cross, and it alone.
O Earth; thy honors, glories, riches, thrones,
Avail not in the end. All must be left,
And as he came, so man must leave, alone,
And face eternity, nor dare turn back.
Not wealth, nor power, nor skill can be exchanged,
To gain continuance longer here than is
Determined by a will more strong than mortal's.
So mankind comes and goes. But his soul dies not.
'Tis transformed merely from an earthly mansion,
And changed, to what or how we know not, but
Believe it lives in immortality.

Kaimin

The Kaimin drew statewide attention during the year 1966-67. With editor Dan Webber, the campus daily newspaper had many stimulating and thought-provoking issues. During the State Legislature pertinent articles were subjects of controversy and discussion on the floor.

Raenelle Boggio (center), Business Manager, and Vickie Zander (right) are busy selling subscriptions during fall registration. Subscribing to the book is new to the U of M, as in previous years, the Sentinel has been included in the activity fee.

The *Sentinel*, the history of the University, is concerned with accurately reporting all events of interest to the student body and alumni. A record of faculty, students, and their activities are pictured in the annual publication. This year the yearbook staff concentrated on presenting a pictorial history of the growth of the University during the 75 years of its existence.

The *Sentinel* was a total effort of the University of Montana as it was assembled, edited, and printed entirely within the U of M system.

Claudia Stahl, Assistant Photographer

Jim Redmond, Managing Editor and Sports Editor.

Lynne Hogue, Associate Editor, responsible for Greeks and Student Government.

Other students that assisted in the '67 Sentinel publication are Chris Saladen, Fall Activities and Classes; Barbara Bailey, Fine Arts; Karen Beale and Alexa Cannon, Living Groups; and Carol D. Nelson, Spring Activities and proofing.

Helen Ahlgren, Associate Editor, responsible for Winter Activities, Administration, Faculty and Seniors.

Garret

Presenting a format of poetry, short stories, photographs, and prints, the *Garrett* offers the U of M students a chance to examine the works of their contemporaries. Distributed twice a year, the *Garret* is available to all members of the student body upon presentation of their identification cards. *Garret* Editor is Dave Foy, and Associate Editors are Terry MacMillan, Karen Larson, and Steve Carroll.

Karen Larson distributes a *Garret* to Mareen Jacobs.

M-Book

As the handbook for freshmen and incoming students, the *M-Book* contains a history of the University and acquaints anyone who is unfamiliar with the campus, organizations and activities of the system. A summary of the rules and regulations is also included to guide the new student.

M-Book Editor

The Book

The Book, incorporated this spring, is a new student publication. It is a guide to the evaluation of teachers and courses. It is to appear every other year and students are encouraged to turn in evaluation sheets needed to make it a successful and honest endeavor. *The Book* is compiled by the Forum Committee for Faculty Evaluation.

U of M Band Tours Midwest

After a year of consideration by a national committee, the U of M band was among six college bands selected to play before 5,000 conductors and educators at the National College Band Directors Association's 1967 convention in Ann Arbor, Michigan. The band gave concerts in Illinois, Indiana, Ohio, Pennsylvania, New York, Michigan and parts of Canada during their Midwestern tour. Highlight of the tour program was the first work written by a major Latin American composer for a North American band. Robert Caamans heard recordings of the band and dedicated his work, *Tripartita*, Opus 28, to the Associated Students of the University of Montana. In recent years many nationally known conductors and guest artists have appeared with the band. The most recent, Vaclav Nelhybel, a distinguished Czechoslovakian composer, said of the band, "It is a sensitive musical instrument with an enormous range of communicative power."

For some the best part of the trip was a well deserved rest on the way home.

Sleepy but excited band members board their chartered plane to begin their flying tour of six states and Ontario, Canada.

Guest Artist

(Left) *Antigone* tries to defend her ideals to Creon (Donald Davis).

Antigone (Patsy Maxson) pleads with Haemon (Austin Gray) to understand why they cannot be married.

Through the cooperation of the ASUM Program Council and the School of Fine Arts, Donald Davis was brought to the U of M. While here, Mr. Davis served as actor, lecturer and instructor. He brought to his role in "*Antigone*" twenty years of professional theater training and rich experience in classical Greek theater. Mr. Davis also presented another work by Jean Anouilh, the author of "*Antigone*," "*Krapp's Last Tape*" while in residence here.

The cast of "*Antigone*": Signe Anderson, Craig Ball, Austin Gray, Barbara Trott, Duncan Crump, Patricia Maxson, Donald Davis, Teddy Ulmer, Kathleen Schoen, Chip Doty, Paul Anderson, Linus M. Carleton.

Krapp (Donald Davis) jealously listens to his last tape.

Martha (Jan Swarthout) expresses her dislike for Ellen (Sharon Strobel) and friend, Douglas (Paul Anderson) in "Yes, My Darling Daughter," a comedy by Mark Reed.

Ellen (Sharon Strobel), Douglas (Paul Anderson), Titus Jaywood (Duncan Crump), Mrs. Murry (Barbara Trott), and Martha (Jan Swarthout) engage in strained conversation before the lovers, Ellen and Doug, depart for the weekend.

Orchesis

The U of M Orchesis presented a concert of jazz, modern and folk dance. Under the direction of Dana Bunnell, this group has become one of the University's finest performing companies.

Dressed in authentic costumes, Larry Fields and Rose Street perform a folk ballet.

Masquers

The Pied Piper of Hamelin

At right are: Judy Parker, Pat Evans and Horst Fenske in a scene from Robert Browning's "The Pied Piper of Hamelin." This children's theater production was a hit with the young people of Missoula and Montana when the Masquers took the play on tour.

The cast of "After the Fall" as pictured above are (left to right): Ted Ulmer, Firman Brown, Glenn Gauer, Jo Anne Basile, Patsy Maxson, Sharon Strobel, Kathy Schoen, Maurice Breslow, Ruth Silvius, and Linus Carleton.

After the Fall

The Montana Drama Quartet made its second appearance in Arthur Miller's "After the Fall." The play was presented in reader's theater style. The actors had their scripts on stage with them and read as they acted.

At left, Kathy Schoen (Louise), Patsy Maxson (Maggie), and Firman Brown (Quentin) in a scene from "After the Fall."

SHOWTIME is the music department's annual benefit to raise money for music scholarships. Music students and faculty work strenuously to make this show the largest single source of scholarship funds administered by the U of M Music Foundation.

Spring

This year spring registration offered an added attraction . . . after all, how many times have you registered in rodeo stalls!

Spring . . .

the season of fun and relaxation!

This is the entrance to the U of M oval as it appeared in approximately the year 1900. The house in the foreground belonged to the first President of the University and the house behind is the first fraternity house on campus, Sigma Nu. A wrought iron fence completely surrounded the then 40-acre campus and the gate was padlocked at 11 p.m., locking in the girls residing in the dorm. The smaller building to the left is the barn in which the President's horses were kept . . . need we mention the well-paved roads?

Today the oval is quite different in appearance and serves many varied uses. Here, an ambitious professor is holding class on the lawn.

U of M *Intercollegiate* *Rodeo*

The annual intercollegiate rodeo of the University of Montana involves many contestants sent from various schools who vie for first place in numerous events. Bronc riding, goat tying, and bull riding are pictured on this page . . . certainly caution and respect for brute strength are two rules to follow.

Off we go!!! J. A. Perry from Rocky Mountain College rides Trail's End in the bronc busting event.

Elsie Paulsen, Brigham Young University, rushes to beat the clock.

Petula Clark

Petula Clark, the most vivacious performer U of M has seen in quite a while, provided an excellent evening's entertainment. Despite her small size, she filled the Field House with music, movement and laughter.

The Sandpipers

The Sandpipers, a trio who rose to fame in mid-1966, were well received at the U of M by those of college age and older. Despite the misfortune of using unfamiliar equipment, the variety of their music was pleasing melodically and lyrically.

Greek Activities

Onward and Upward Karen Peck!!

Pat Merkt

Two examples of spring highlights in Greek life are the Sigma Nu Piggy Dinner Parade and the Sig Alpha Olympics. The Sigma Nu parade is the prelude to their spring function and announces the invited guests. The Olympics are a mock competition between sorority houses and championships are determined in relay races, obstacle courses, and other contests.

Susie Carlson and Janice Hoon certainly are good sports!!

River Boat Races

Each year the Missoula Chamber of Commerce sponsors a river boat race on the Clark's Fork River. The variety in types of entries is unlimited and ranges from canoes and kayaks to rubber and log rafts, all vying for first place in their class. To the left, Chris Roholt, Jere Gilles, Sheila Johansen and Jim Mohler wait for the excitement to begin.

Theta Chi Canathon

The Theta Chi Canathon was newly introduced to the U of M campus this year. The purpose of this event was to collect empty cans which had been discarded and thus assist the city's spring clean-up program. The competitive contest certainly achieved its goal.

The Lantern Parade, held in the honor of senior women, displays the underclassmen's recognition of the accomplishments of the graduates.

Graduation 1967

The University of Montana awarded an honorary doctorate to Dr. Jessie M. Bierman, an alumnus of the school, at commencement ceremonies on June 11.

Graduates look quite satisfied with the entire event!

Students assemble for final instructions.

Class of '67

President Pantzer congratulates a graduate.

More than 1,186 students received degrees Sunday, June 11; 81 were accorded with honors.

In Track and Field the athlete moves in a lonely, quiet world. Except for the few seconds of cheering at the finish line of a particularly close race the runner's exertion is accompanied by only the slap of his shoes on the track, and the rush of air out of and into his heaving lungs. His is a world of personal accomplishment and inner struggles. He rarely has screaming fans in the stands to give him that extra shot like the football player on a 90-yard run. The track man has only himself, only his love of physical exertion to drive him toward a win.

Spring Football

During the spring practice sessions that the football team holds, the coaching staff attempts to get an idea who will be their core men in the fall and to whom to give scholarships. The spring drills last for two weeks and the athletes get a thorough workout. At left a member of the coaching staff illustrates correct blocking procedure to his charges.

One of the most common and useful drills for the backfield specialists is that being demonstrated at right. Simply having ball-carriers dodge objects such as helmets or as in this case blocking dummies, greatly benefits their flexibility and coordination.

At right the technique of correctly accomplishing a hand-off is being illustrated by one of the coaching staff.

Intramurals

Spring quarter intramurals comprise a significant portion of the spring activities at the University of Montana and a large majority of the male students participate. At left, the participants in the softball league engage themselves on a warm spring afternoon.

In the softball tournament Phi Delta Theta lost the final game to The Candle, 4 to 1.

Ed Chinske, 1906-1967

Ed Chinske, one of the greatest of all Grizzlies, died of a heart attack on June 27. With his passing a man who had known the University of Montana as well as if not better than any other, left the University world he cherished and loved. He came to the University in 1926 and while a student won letters in football, basketball, baseball and golf. He was captain of the 1928 football team and won the first letter awarded for golf. He began a successful coaching career as freshman coach in 1929. He moved to Miles City in 1930 to coach the Custer County Cowboys but returned to Missoula as the high school coach in 1936. In 1946 he became the University freshman football coach, moving up to head coach in 1952, and also taking over leadership of the baseball team. Mr. Chinske devoted most of his time since 1956 to the intramural program and golf. Since the formation of the conference four years ago the golf team has won the title every year and Mr. Chinske was Golf Coach of the Year in 1965, '66 and '67. He won the state golf championship twice and has always been a top Montana golfer. Under his direction the intramural program flourished. He never failed to settle an argument fairly and his sportsmanship seemed to rub off on everyone he came in contact with. His sudden death has left a void in the realm of Montana and University athletics. Both the golf team and intramural program he nurtured will dearly feel his absence in the ensuing years.

The camera catches an almost successful pole-vault.

The intramural track meet each spring yields much excitement and strain. For anyone in the crowd the thrills are equal to those found at the varsity meets and for the "athletes, not too well in shape" the strains and pains are numerous. The turnout for the track meet this year was one of the best. Almost every event that is performed in the varsity meets is performed in the intramural.

Below: The participation in the running events included Tom Behan, ASUM President, second from right.

Ron Loendorf, standing to the right of stake, and Jim Kastelitz, standing to the left, discuss the finite qualities of the great American pastime, horseshoes.

The 1966-67 intramural season was one of the best competitively that has been held on the University of Montana campus in recent years. For the second consecutive season Phi Delta Theta fraternity wrapped up the all around intramural crown with a total of 3,911 points. During spring quarter the Phi Delts managed to take first place in the intramural golf and track divisions and ended up in second place behind the Candle in the softball category. Women's Recreational Association

The Women's Recreational Association serves a very worthwhile place in the scheme of University of Montana athletics. The women of any college campus often have few areas in which to exert themselves as athletes and at this school the W.R.A. has given women a chance to do so. The organization is to be commended for its valuable service to the school and its past president, Leslie Griffin is to be congratulated for her very astute leadership. The following are the sports and places won throughout the year.

VOLLEYBALL

1. The J.J.'s
2. Delta Gamma
3. Sigma Kappa
4. Alpha Omicron Pi

BASKETBALL

1. The J.J.'s
2. North Corbin

3. Kappa Alpha Theta

SKIING

TENNIS

The all-tournament winners were the J.J.'s. The Outstanding Senior for W.R.A. for 1966-67 was Leslie Griffin. At the W.R.A. annual spring steak fry the following awards were given to outstanding individuals. 'M' letters for participation and endeavor went to Barb Fleming and Midge Winston. W.R.A. Service Hall of Fame award went to Joanne Dixon.

At right an unidentified contestant in the W.R.A. sponsored high school girls track meet asserts her power in the javelin event. The W.R.A. puts on the meet each spring quarter. The meet is one of the organization's many functions.

Dave Vallance, Rex Huntsman, Dick Treat, Dennis Walton, Paul Hickman, Cliff Christian, and Bob Gregory carry on a serious conversation in the spacious living room provided by the new house. The trophies placed over the large fireplace and the paddle signify some of the tradition that was not destroyed with the old house.

Bob Gregory, Pete Quande, and Larry Edholm take time out from their busy duties as houseboys to talk to Mrs. Marian Cameron, the Sigma Nu cook.

Mr. John Dawes, president of the Gamma Phi Home Association, and Rex Huntsman, president of the Sigma Nu chapter, discuss the changes from early Sigma Nu history to the present. Sitting in one of the new study rooms, Mr. Dawes has a chance to remember how it was when he was a Sigma Nu active.

Mike Frellick, Rich Bechtel, Dick Lyons, John Alexander, Fred Wardinsky, Nate Manakkee, Rich Curry, and Rick Lund gather by the fireplace of the Dawes Chapter Room. Hanging from the beam are the ceremonial paddles, each bearing the name of a brother, symbolic reminders of the past among the accomplishments of the present.

Girls of the Golden Heart

The organization of the Girls of the Golden Heart took place this spring by the Sigma Phi Epsilon fraternity. With a membership of 15 women, the auxiliary assists with rush and serves as house-boys. The new members were first notified by the SPE president, Jeff Hamilton, and the president of the Girls of the Golden Heart, Sandra Niedermier. After being notified, the new members were serenaded and escorted to the SPE house by torch light.

Construction begins.

The purpose of Eloise Knowles Hall Organization is to promote friendship and understanding among its residents. It serves as an instrument of communication between the residents and the rest of the campus and encourages individual growth through participation in dorm activities.

Knowles Hall

Eloise Knowles, for whom Knowles Hall was named, was the first art instructor on campus and the founder of Mortar Board.

Too much of this . . .

. . . leads to this. Billie Joki is the ambitious one.

Sue Rettig takes time for a game of Solitaire, anything for a study break.

Evening brings "confabs" in several of the dorm rooms.

Knowles Hall Council consists of, left to right: Mary Bowles, Secretary; Karen Cole, Vice President; Lanie Lundgren, Treasurer; Karla Gilman, President.

The Craig Hall dormitories were named for Oscar John Craig, the first president of the University.

Craig Hall

Craig Hall in 1905, now the familiar Math-Physics building, served as a women's dormitory. Kappa Kappa Gamma and Kappa Alpha Theta sororities occupied corner room suites. Alumni vividly recall the lively dances staged on the dorm porches.

Construction begins on the new Craig Hall. Men students moved eagerly when the dorm opened for occupancy in 1954.

Craig Hall, although it may suffer the most wear-and-tear, emerges as one of the most attractive buildings on campus.

Ron Marcoux, Head Resident, and Darrel Hagen, Assistant Head Resident.

Miller Hall

Miller Hall is named in honor of J. Earll "Burly" Miller, Dean of Men at the U of M until January 1, 1948, and once chairman of the Division of Social Sciences. Dr. Miller presently serves on the faculty as Professor of History.

Where the unattractive Jumbo stood in the Fifties . . . the new Miller Hall stands in the later Sixties, providing housing for a maximum of 240 men students.

Clyde Augustus Duniway

Elrod-Duniway Halls

Duniway Hall was named for Clyde Augustus Duniway who was the second President of the University of Montana, 1908-1912.

Elrod Hall . . . 1945.

This year Elrod Hall, named for Dr. Morton J. Elrod, housed women fall and winter quarters, and men spring quarter. The dorm is now adjoined to Duniway Hall.

The parking lot behind Duniway Hall is exceptionally busy in the early fall as students move into their temporary homes.

"Home" in the boys' dorm is rarely lacking excitement and provides friendship as well as a place to study or relax.

For study purposes, each dorm room has a desk that is often used, too often neglected.

Lounges provide a place to relax and catch up on the latest news. Each dorm receives a copy of the local newspaper and usually subscribes to one or two magazines.

Students manage to add character to "their half" of the dormitory rooms.

Turner Hall

Mrs. Turner, for whom Turner Hall was named, spent her married life in Helena and was the mother of two children. Mrs. Turner was the first "social director," as housemothers were referred to, of Corbin Hall; she moved into this dorm from old Craig Hall, the first women's dorm. Turner Hall houses both freshmen and upperclass women.

MRS. BRANTLY

MISS CORBIN

For the last time freshmen women moved into Triangle dorm last fall. Jesse Hall was completed and ready for occupancy spring quarter. Triangle served to promote high ideals of citizenship and scholarship among its freshman residents. Brantly Hall, located within Triangle, was named for Mrs. Brantly who served as "social director," housemother, for sixteen years. Mrs. Brantly was the wife of Judge Theodore Brantly and mother of three children. Corbin Hall, also part of Triangle, was named for Miss Corbin, the first English teacher and department head. Miss Corbin, a native of Butte, taught American Literature.

Moving In

Freshmen women were housed in Triangle for the last time this year. Girls enlist the help of family and friends to move into the dorm.

Lee Frank has about all she can manage for one trip.

Back row: June Sanders, Patricia Beebout; Deanna Dodge, Alice Windsor, Patricia Reap, Edith Guidi, Connie Rasmussen, Evelyn Hardtla.

Synadelphic

Synadelphic girls maintain a grade average usually above all other living groups. They sponsor functions each quarter and participate in University activities. This women's co-op began in 1942 in connection with the School of Religion. In 1947 it became a regular living group.

Synadelphic Officers, first row, left to right: Carol Jimeno, vice president; Sally Stephenson, president. Second row: Barbara Wirkman, house manager; Charlotte Leicht, secretary.

Morning light slips silently over the sleeping . . . 1945.

Married Student Housing

This year the University opened for the first time Elliott Village, a community of homes for married students. The village augments the previously existing accommodations in the Craighead and Sisson apartment buildings, familiarly known as the "Xs." To be eligible for this housing, the husband or wife must be a U of M student.

In 1945 "the strips" served as married student housing.

Today the married students' homes stand sturdy, bright and inviting. Accommodations vary from no to four bedroom units.

Army ROTC

Through drills and class sessions the Army ROTC works toward its three goals: to build leaders, to train men with a sense of dedication, and to provide commissioned officers.

Brigade Staff, left to right: Gary Eathorne, Richard Potter, Michael McKee, Peter Mohan, William Wyckman, Larry Brumback, and Capt. Jim E. Hinds.

Second Battalion Staff, left to right: James M. Tyler, Richard Treat, David Violet, David J. O'Neill.

Pictured above is Capt. Jim E. Hinds (pointing) with the First Battalion Staff, left to right: William Clausen, Timothy Locke, Commander Bruce Fried, Richard Harding, Clifford White, and Herbert Pierce.

To the left, left to right: Major Alfred C. Aimi, Cadet Michael McKee, and Lt. Col. Keith Anguin await the beginning of the awards ceremony.

The Army ROTC drill team marched in Whitefish, Montana, this year.

Drummers wait to set the cadence for their weekly drill on the Clover Bowl.

Before the drill begins, buglers have a few minutes to warm their instruments.

Flight instructor Hetrick and Cadet Skip Alderson go through the pre-flight check of their plane.

Cadets Donald H. Davis, William Wyckman, Flight Instructor Hetrick, and Stan Stohr review the techniques of map reading.

The Grizzly ROTC color guard took on a colonial note during the past season. Authentic replicas of the first United States Army uniforms of 1791 became a familiar sight at basketball games and other public events. Shown here are (left to right) Kathy Harstad, Clyde Languanet, Barton Thomte, Fred Nebel, Richard Stube, and Sandy Holmberg.

Co-ed Colonel Vicki Watson. Row 1, left to right: Julie Thompson, Julene Newland, Carol Wages, Gerry Smith. Row 2: Barbara Kundert, Sarah Vhay, Suzanne Goodman, Sheila O'Connor. Row 3: Sandy Holmberg, Marlys Swenson, Kathy Mann, Gail Aaberge. Row 4: Sheena Wilson, Sue Higham, Freddi Ibsen, Pam Walters. Row 5: Karol Kramer, Marilyn Pelo, Nancy Harvey, Stevie Lahti. Row 6: Jane Ballard, Andrea Grauman, Valerie Siphers.

K-Dettes

One of the two women's precision drill teams at the U of M is the K-Dettes. The group adds sparkle to the Army ROTC program by marching with the Corps, and often independently, at various civic and sports events. Two of the year's highlights are the Lilac Festival in Spokane, and the annual Northwest competition between K-Dette corps in Seattle. In addition, they are called upon to provide gracious hostesses at the many military and social events throughout Montana. Advisors to the group are Mrs. Kathryn Page and Lt. Col. Keith Angwin.

Senior Cadets

Each quarter an outstanding cadet is chosen to be Cadet Corps Group Commander. These are the three commanders for 1966-1967: Fall—Robinson Van Sickle; Winter—Carl Lawson; Spring—Joseph Batts.

Air Force ROTC

Air Force Reserve Officers Training Corps is now in the second year of its voluntary program. In order to develop and train college men to be Air Force officers, the program is designed to give maximum opportunity for leadership training and scholastic achievement.

Left to right: David Peterson, Harold Brauer, Joseph Batts, Larry Putnam, Rex Huntsman.

JUNIOR CADETS—First row, left to right: Ira Robison, Thomas Gopp, Gordon Spunich, Gary Libecap, Michael Noreen, Manfred Koczur, Russel Andreus, Robert Culver. Second row: John K. Randall, Robert Fletcher, Gary Peck, Lee Howard, Robert Murphy, Daniel Beaudette. Third row: Thomas Wilkins, Wes Appelt, Daniel Dusenberry, Theodore Legge, Ronald Pierre, Randy White, Gary Pahl, William Dalbec. Fourth row: Roger Richins, Patrick Sweeney, Mark Lewing, Ted Flynn.

Cadets Wes Appelt, Marc Davis, Russ Andrews, Tom Wilkins and Mike Noreen listen to a Federal Aviation Agency traffic control officer as he explains the traffic pattern into the Malmstrom Air Force Base field.

Air Force ROTC

Dave Peterson, first of the cadets to finish his flight training, is shown having his shirttail cut by the flight instructor. The shirt-tail is then pinned to the wall as a sign that Dave has soloed.

First row, left to right: Robert Semrod, Joseph Barnard, Ted Flynn, Tom Wilkins, Gordon Spunich, Mike Noreen, Lee Howard, Ira Robison, Rex Huntsman, Carl Lawson. Second row: George Peck, Ron Murphy, Joe Batts, Dave Peterson, Manfred Koczur, John Little. Third row: Tom Hargrove, Tom Bertino, Ron Pierre, Gary Pahl, Robinson Van Sickle, Jim Redmond, Dan Beaudette, Jeff Hamilton, Russ Andrews. Arnold Air Society

The Arnold Air Society is a professional honorary service organization of AFROTC cadets. Its objectives are to aid in the development and production of Air Force officers; to create a closer and more efficient relationship within the Air Force Reserve Officers Training Corps; to further the purpose, traditions, and concepts of the United States Air Force; to support Aerospace Power and its role in National Security; and to advance air and space age citizenship.

Cadet Thomas Hanson is instructed in flight training by an Air Force Tactical Air Command officer at Malmstrom Air Force Base.

First row, left to right: Alexa Cannon, Helen Bailey, Kathy Mills, Cathy Hughart, Linda Ashcraft, Lynne Hogue. Second row: Carole Frankovitch, Sue Curtis, Janet Whaley, Carol Nelson, Maryellen McCall, Paula Means, Connie Graham, Marcia Means, Rosann Frasier, Pennie Hayes. Third row: Tana Faurot, Sue Mast, Helen Mulroney, Sandra Thorvilson, Pam Stockamp, Mittie Hamblock, Janet Bue, Terri Heine, Pat Schulz, Darlene Young, Sue Volkel, Kathy Brooks.

Angel Flight

The Angel Flight was formed on this campus in 1957, and because the corps has recently affiliated with the national organization, it now participates in the competition in Spokane and may attend the National Conclave held annually at various cities in the U. S. Angel Flight stresses both service and marching perfection in its program, and its members are selected on the basis of poise, personality, gracefulness and scholarship. Their activities include money making projects and several marching exhibitions throughout the state. Angel Flight advisors are Mr. Pederson and Emma Lommasson.

Sue Mast, Cathy Hughart, Linda Ashcraft, Carole Frankovitch and Kathy Mills, members of the Angel Flight, are shown boxing part of the 65 pounds of cookies, candy and presents sent to an Air Force squadron stationed in Viet Nam. This box and a card-gram were sent during the Christmas holidays by the first-year Angels.

Angel Flight has community service projects throughout the year. Here Cathy Hughart talks with two children at the Opportunity School.

"... It is with some slight trepidation that we place this book before the public. We realize that there are in it many imperfections . . . , sins of omission as well as sins of commission. But we hope that a generous and broad-minded public will forgive us these, and remember only the creditable portions.

"To the people of the State of Montana we would say: 'This is the first college annual ever issued in the State. Take it, with all its faults, for what it is meant to be, and do not attempt to compare it with those issued by other and larger schools. Comparisons are odious; but as time goes on, and this book's publication becomes a yearly event, our annual will bear comparison with any.'

"To the students of the University we would say: 'We have begun, and laid the cornerstone. You must take up the work where we left it. This book should be issued every year, and should grow larger and better as successive numbers are published. On you rests the responsibility.'

"And now we lay aside our pens, far from satisfied, but realizing that we have done our best. We ask that in your criticisms, you temper justice with mercy."

THE EDITORS—1904 *Sentinel*

I would like to give special thanks to Cyrille Van Duser, Jiggs Dahlberg, Chet Dreher, Mrs. Mary Elrod Ferguson, Al Ham, Art Jette, Evelyn King, my staff, and the employees of Printing Services for their assistance in the publication of this book. Each contribution was vital to the finished product, the '67 *Sentinel*.
